

The background of the slide is a deep space image featuring a dense field of stars, some with prominent diffraction spikes, and several large, colorful celestial bodies. A large, reddish-orange planet with a visible atmosphere is centrally located, partially obscured by the text. To its left, a smaller, blue and white planet is visible. In the upper right corner, a portion of a yellowish planet is seen. The overall color palette is dominated by blues, purples, and oranges, creating a sense of vastness and cosmic wonder.
